Ezekiel Adebayo OGUNDEPO

Data Scientist | Statistician | Researcher | Project Manager

Email: ogundepoezekiel@gmail.com **Phone**: +2347068800646 **Portfolio:** https://gbganalyst.github.io

Professional Summary

Results-driven Data Scientist and Statistician with 10 years of experience delivering end-to-end machine learning, spatial modeling, and data automation solutions across public health, economic policy, and corporate analytics. Proven track record of architecting scalable analytical pipelines, authoring open-source CRAN packages with 70k+ total downloads, and leading cross-functional technical teams. Skilled in R, Python, SQL, and geospatial frameworks, with a strong focus on transforming complex multidimensional datasets into actionable decision support systems.

Technical Skills

- **Programming Languages:** R (Shiny, Tidyverse), Python (Pandas, NumPy, Scikit-learn, GeoPandas), SQL, JavaScript, HTML/CSS
- **Geospatial Analytics:** ArcGIS, QGIS, sf, terra, geopandas, Spatial Hotspot Analysis, Buffer Analysis
- **Data Engineering & Automation:** ETL pipelines, Web Scraping, CRAN Package Development (bulkreadr, forstringr), Git/GitHub
- **BI & Cloud Tools:** Power BI, Looker, Microsoft Excel (Power Query/Pivot), Google Sheets/Apps Script, AWS, BigQuery, Azure
- **Statistical Methods:** Predictive Modelling, Biostatistics, Econometrics, Time-Series Forecasting, Hypothesis Testing
- **Documentation:** Quarto, LaTeX, Jupyter, Sphinx

Work Experience

Lead Statistician (Consultant) | Redwire Marketing Group, Lagos, Nigeria

April 2025 – Present

- Designed the statistical framework and survey methodology for a Multidimensional Poverty Research project covering 19 Northern Nigerian states.
- Performed spatial buffer and hotspot analyses to map high-priority areas and guide program resource allocation.
- Supervised field data collection, managed GIS metadata repositories, and tracked map version histories for donor reports.
- Co-authored research reports and policy recommendations for government agencies and development partners.

Data Science Fellow | Global Partnership for Sustainable Development Data (GPSDD)
October 2023 – April 2024

- Combined environmental, climate, socio-economic, and health data to analyze cholera outbreak patterns.
- Built and evaluated predictive geospatial machine learning models to forecast cholera incidence across raster grid cells.
- Maintained documented GitHub repositories for code and data sources to support open-science standards.
- Facilitated modules on advanced data analysis, predictive modeling, and version control for project teams.

Senior Data Analytics Manager | 54gene, Lagos, Nigeria
November 2021 – July 2023

- Automated health analytics workflows using R, Google Sheets, and GitHub Actions, reducing manual data processing by 80%
- Created and published two R packages on CRAN—bulkreadr (9,400+ downloads) and forstringr (18,000+ downloads)—to speed up file loading and text cleaning.
- Standardized data management procedures and quality control protocols across research sites to maintain data accuracy.

Data Scientist | Data Scientists Network (DSN), Lagos, Nigeria
November 2019 – November 2021

- Applied statistical models to health, education, and economic datasets for Bill & Melinda Gates Foundation projects.
- Supervised data science teams, managed quarterly and annual reports for project stakeholders, and coordinated hackathons.
- Built training materials for AI education programs reaching over 640,000 views on YouTube and co-organized AI bootcamps for 10,000+ participants.
- Facilitated corporate training courses in R, Python, Power BI, and Advanced Excel.

Data Scientist | Rwanda Revenue Authority (RRA), Kigali, Rwanda
May 2018 – November 2018

- Cleaned and analyzed national revenue data to support fiscal policy planning.
- Automated routine statistical reports and built a tax revenue data portal for internal use.
- Trained RRA staff on R programming and Advanced Excel.

Freelance Data Analyst | Fiverr Corporation
September 2016 – November 2019

- Provided statistical consulting, web scraping, custom dashboards, and data analysis for clients across North America, Europe, and Asia.

Open-Source Software & Publications

- **ralger (CRAN Package Author):** Created an R package to simplify web scraping workflows (47,000+ downloads).
- **forstringr (CRAN Package Author):** Developed an R package for string manipulation designed to work with the tidyverse (18,000+ downloads).
- **bulkreadr (CRAN Package Author):** Built an R package for bulk-importing multi-sheet and multi-format data files while preserving labels (9,400+ downloads).
- **Co-Editor & Author:** Co-edited an introductory AI and Python textbook and wrote solutions for *Mastering Shiny*.

Honors & Awards

- **1st Runner-Up, Meta Llama 3.1 Impact Sub-Saharan Africa Hackathon** (2024): Co-developed Prometheus 1.0, an AI tool empowering women entrepreneurs to launch business websites in under 40 seconds ($8,000 Prize, Kigali, Rwanda).
- **rOpenSci Champion Awardee** (2024): Selected for the Chan Zuckerberg Initiative-backed program to build sustainable open-source research software.
- **Heidelberg Laureate Forum Invitee** (2023): Selected as a young researcher in mathematics and computer science to participate in the 10th HLF in Germany.
- **R Project Sprint Contributor** (2023): Invited to contribute directly to the maintenance of core R code at the University of Warwick, UK.
- **UNLEASH Global SDG Innovation Talent** (2018): Selected among 1,000 young talents worldwide to develop SDG solutions in Singapore.
- **Mastercard Foundation Scholar** (2017 – 2019): Awarded a fully funded $25,000 scholarship to pursue M.Sc. in Mathematical Sciences at AIMS Rwanda.
- **First Class Honours** (2015): Graduated at the top tier of the B.Sc. Statistics class at the University of Ilorin, Nigeria.
- **Federal Government of Nigeria Scholar** (2012 – 2014): Awarded national undergraduate merit scholarship for academic excellence during B.Sc. Statistics studies at University of Ilorin.

Education & Fellowships

- **M.Sc. in Mathematical Sciences** | African Institute for Mathematical Sciences (AIMS), Rwanda *(2017 – 2019)*
- **B.Sc. in Statistics (First Class Honours)** | University of Ilorin, Nigeria *(2011 – 2015)*
- **Data Science Fellow** | Capacity Accelerator Network (eHealth Africa / GPSDD / data.org) *(2024)*

Certifications & Professional Development

- **Generative AI in Data Analysis Certificate** | Open Visualization Academy *(2025)*
- **Coordinator FAIR Data Steward Recognition** | VODAN and Europe External Programme with Africa (EEPA) *(2025)*

- **A Practical Guide to FAIR Data Stewardship (2 ECTS)** | VODAN Africa *(2024)*
- **Festival de Datos Delegate (UN-sponsored)** | Punta del Este, Uruguay *(2023)*
- **UNESCO-ICTP Workshop on Open-Source Scientific Packages** | Trieste, Italy *(2022)*
- **Nigerian National Code for Health Research Ethics** | CITI Program *(2022)*
